

# ENFORCEMENT ACTIONS

# Letter of Concern?

- Not really an enforcement
  - ▣ kind of a “warning”
- Facility on the path to an action unless certain issues are addressed
- No penalties, just a “to do list”

# Letter of Violation

- Informal enforcement
- No penalties
- “To do list” with emphasis
- Compliance with an LOV prevents need for more formal enforcement

# Notice of Violation

- A formal enforcement action
- With penalty and/or order
- Essentially an offer of an out-of-court settlement
- Results in a meeting with DEQ compliance staff, generally in Cheyenne
- Your company may present mitigating information
- A final agreement is developed
- Failure to agree results in referral to State Attorney General
